**Gives Birth to**  
**4th Set Twins**  
DANVILLE, Ill. (AP) — Mrs. Nathaniel Collier, who gave birth to her fourth set of twins Saturday, is resting comfortably in a hospital, "enjoying the longest vacation I've had in years."

"The doctor is in no hurry to send me home, and I'm in no hurry to get there," she said Tuesday from her bedside telephone at St. Elizabeth's Hospital.

The latest twins, Michelle and Michael, will go home this week to join their nine brothers and sisters.

Twins Anthony and Antoinette were born in October, 1949, Marvin and Marva were born in August, 1952, and Unita and Lorita were born in December, 1953.

**PROCLAMATION**

Mayor J.B. Gardner Jr.

**PROCLAMATION**  
WHEREAS, fifty-five years ago in the United States of America, I, therefore, call upon all this coming twelfth of March, citizens to give the Girl Scouts Nineteen Hundred and Sixty Seven, twelve young girls gathered together in the Savannah, Georgia, home of Juliette Gordon Low and thus became the first troop in an organization that today directly enriches the lives of more than three million young people and the adults who work with them; and

WHEREAS, members of this organization, Girl Scouts of the United States of America, by the daily living of their Promise to do their duty to God and Country, to help other people at all times, and to obey the Girl Scout Laws of loyalty, honesty, courtesy, cheerfulness, usefulness, kindness and thrift, in turn enrich the communities in which they live; and

WHEREAS, Girl Scouts of the United States of America has set as its theme for the triennium beginning in this 55th Birthday Year, "Values to Hold—Worlds to Explore;" and

WHEREAS, within this theme, Girl Scouts have a twofold purpose: to strive to apply the virtues of character, conduct, patriotism and service in an age in which those virtues can so easily be lost; and to more vigorously explore the worlds about them—worlds of home, community, nation and other lands—thereby bringing further understanding to their own lives and the lives of others;

NOW, THEREFORE, I John B. Gardner, Jr. by virtue of the authority vested in me as Mayor of Hope hereby proclaim March 12 through 18 of this year 1967 as Girl Scout Week and March 12 as the 55th Anniversary of the founding of Girl Scout-

Relatively few crimes are inter-racial and crime is not confined to the so-called "deprived" groups. More and more people with good educations and excellent family backgrounds are turning to crime as a profession.

"The cost of crime is increasing by staggering amounts," he said, but expenditures for police services, crime detection and crime prevention haven't kept up with cost-of-living raises.

"Far too many people take comfort in the view that crime is the vice of a handful of people. This is inaccurate. In the United States today, only one boy in six is referred to juvenile authorities.

"If the present trend continues, 40 percent of all male children now living in the United States will be arrested for a non-traffic offense during their lives."

He said peace officers, courts and correctional institutions would require substantially more money if they are to control crime better. The total amount for police services out of the gross national product has shown a steady increase.

**LITTLE ROCK (AP)** — Gov. Winthrop Rockefeller said Thursday his "mama didn't raise any idiots" and denied a charge by Sen. Guy H. (Mutt) Jones of Conway that he had bought Negro votes in last year's general election.

The governor also noted that Jones spoke from the floor of the Arkansas Senate which carries immunity for his charges.

"I was going to buy votes, I certainly wouldn't do it with checks," Gov. Rockefeller said. "I know of no irregularities that took place as he (Jones) suggests."

Jones said Wednesday that he had photostatic copies made of 29 checks made out to Conway Negroes in amounts up to \$50.

Jones said the checks were drawn on the First National Bank at Little Rock and were signed by Mrs. Wanda L. Tudor, a receptionist in the governor's office.

B. Finley Vinson, president of the bank, said Thursday that the bank never revealed its customers' business to anyone other than the customer or his legally authorized agent.

"Any copies of checks exhibited by Sen. Jones drawn on this bank were secured from an individual or company who received, cashed or handled the checks in transit to our banks," Vinson said in a prepared statement.

"Our bank has no interest in the matter Sen. Jones is pursuing," Vinson said.

## Wedding Vows Are Repeated

MR. AND MRS. JOHN H. PIERCE

Miss Majorie Trotti, daughter of Mr. and Mrs. Dolph Trotti, and John H. Pierce son of Mr. and Mrs. John R. Pierce, of Hope, were married at 8 p.m. January 21 in the First Methodist Church of Nashville. A reception followed at Joda's restaurant.

Rev. Alfred D. Black performed the ceremony. The music was presented by Mrs. George Byrd, organist. Miss Judy Block of St. Louis was soloist.

Given in marriage by her father the bride wore a floor length peau de sole gown trimmed with alencon lace and seed pearls with a fitted bodice, scooped neckline and long sleeves. A detachable train extended to a Cathedral length from a self-bow at the neckline. Her illusion veil was held by a tiara of satin and seed pearls. She carried an orchid atop a White Bible.

Miss Patricia Trotti served her sister as matron of honor. Bridesmaids were Miss Susan Pierce of Hope and Mrs. Bobby Porterfield of Mineral Springs. Mark and Susie Jewers of Magnolia were ring bearer and flower girl.

Andrew Prince LeGrand III of Texarkana served as best man. Johnny Fredrick of Texarkana and Dick Arnold of Little Rock were groomsmen. Lane Pierce of Alexandria, La., Miss Judy Block of St. Louis, Moss.

had attended recently. Members had a sale of plants and bulbs among themselves.

Pie and coffee were served by the hostesses.

## BUSINESS

(From page 1)

per cent income tax surcharge. "How can we march up the hill with a big tax cut for certain taxpayers, and then a few weeks later march down the hill with a tax boost?" he asked.

The President's moves drew immediate praise from the business community and spurred a flurry of late trading and higher prices on the Pacific Coast stock exchange. The New York stock exchange already had closed before Johnson made his surprise announcement of the tax move Thursday in a message to Congress and a televised news conference.

The surprise was tempered by much advance speculation that, because of several indications the economy was losing some steam, a shift in administration policy might be under way.

Most of this speculation, however, had centered on the possibility Johnson might withdraw the income tax proposal.

Asked about this by newsmen, Johnson vigorously restated his belief that the surcharge should be enacted and said his administration expects to be able to make a good case for it when the time comes.

But some congressional sources said Johnson could hardly do otherwise without shaking confidence in the administration contention that the economy will be strong enough by midyear to absorb a deficit-narrowing tax boost.

The investment credit and depreciation have been estimated as worth about \$2 billion a year in tax savings to business. The income tax surcharge would bring in an estimated \$5 billion.

The credit involved in Johnson's request was enacted early in the administration of the late President John F. Kennedy as a mainspring of his campaign to get the economy moving faster. It allows a business to recover, by a straight deduction from taxes, 7 per cent of the cost of newly installed equipment. Linked to this was a set of depreciation rules that encouraged building of profit-making structures by allowing quick depreciation and recovery of capital.

When fears of inflation were at their height last year, Johnson recommended — and Congress enacted in early autumn — a suspension of the investment credit and fast depreciation rules until Jan. 1, 1968 but he coupled the move with the understanding he might recommend earlier restoration if conditions warranted.

### TELEPHONE ETIQUETTE FOR ADULTS

Dear Helen: People are always yapping about poor telephone etiquette among teen. Let me tell you how I was treated by the father of one.

I'm a mother-advisor for a club and must call all my girls occasionally. I called this new member, got her father on the line and asked:

"Is Nancy there?"

Long pause, then, "Yes."

I waited, thinking he'd call her but when I realized he was still on the phone, I said, "May I speak to her please?"

Another pause. Then, "Who is this?" very gruffly.

I gave my name—and by that time I was getting mad.

Next he growled, "What do you want?"

I felt like shouting, "None of your darn business," and I should have because he gave me the third degree about the club, implying it was all a big lie. Finally he said, "She's busy now," and hung up.

This is a sweet girl who never gets into trouble. She doesn't have a mother. How can fathers be that way? —ADVISOR

Dear Advisor: Not many are, thank goodness. I hope you're especially kind to Nancy. It appears she needs all the outside kindness she can get.

(Incidentally, the best telephone approach is, "Hello, this is Mrs. May I speak to Nancy on club business?"

It probably wouldn't have softened HER grouchy Dad, but it's a fine opener for normal parents.) —H.

Dear Helen: Our small office has a staff of 15, and we work closely together.

One of the gals, about 55 years old, constantly talks baby-talk. It gets awfully annoying. Anyway we can change her without hurting her feelings? —R.J.E.

P.S. She's salt of the earth, otherwise.

Dear R: I'm afraid I'll of' yousy-woosums will have to live with her itty-bitsy habits, as you can't change an old dog's old tricks—and why try? We're all entitled to ONE fault. —H.

Dear Helen: You are NOT speaking for me when you say, "Most of us gals will settle for inequality and love it."

The gentleman (a true one) who signs himself "A MAN STRIVING FOR A MATURE WORLD" is one in a million who recognizes the immature, adolescent pseudo-superiority of the average male.

Don't you, Helen, set your-

self up as some sort of pundit by telling us we'd "rather enhance a man's image of himself than compete with him." You are simply binding the chains more tightly, making men babies, making women lying, cheating, wily slaves to man's stupid whims. We deserve equality. We are not "The Second Sex."

"We get almost everything we want by crowning them king," you say. What? Just work and more work, and no credit for it! I know! —MARRIED TO A MULE

Dear M. to a M.: Why not try it MY way, and your "Mule" might become a lamb.

Females who holler, "Equality" should be fighting in Viet Nam.

We can go as far and as high as our brains will take us—and any smart gal knows this—but we also have the protection afforded only to women. So long as we remain feminine, yielding, full of wide-eyed amazement that men can be so wonderful (they really are, you know, and don't you every forget it!) we'll keep things that way. Down with militant feminism — I think it stinks! —H.

Hostesses were: Mesdames Charles Taylor, James Martindale, Ray Turner and John Keck. Fifteen members were present.

In reviewing the year's work, Mrs. Howard stressed the fact that the Chapter's Conservation Project was completed with the signing, by Governor Rockefeller, of the Bird Sanctuary Bill, which was viewed by the members.

However, she stated that the work of educating the general public to respect and obey this Law has just begun and urged the members to see that necessary information on birds and other wildlife be made available in the schools and libraries of their communities.

The Local Police are sympathetic toward this project and have asked that anyone seeing a boy armed with gun or slingshot please call the Police Station immediately so that they may handle the situation promptly.

## State Teams in NCAA Playoffs

SPRINGFIELD, Mo. (AP) — The NCAA college division regional playoffs open here tonight with two Arkansas schools seeing action.

Arkansas State takes on Lincoln, Mo., ranked third in the final Association Press small-college poll, and Arkansas AM&N plays Southwest Missouri.

Arkansas State was ranked eighth in the final poll and Southwest Missouri ninth. AM&N was the nation's highest scoring team during the past season.

The losers of tonight's games will collide for consolation honors Saturday before the winners meet for the championship and a berth in the national finals tournament later this month.

## Several Say Ortiz Ripe for Plucking

By MURRAY ROSE

Associated Press Sports Writer

NEW YORK (AP) — Both Ismael (Tiger) Laguna of Panama and Frankie Narvaez of Puerto Rico believe Carlos Ortiz is ripe for plucking and they would like to get the next crack at the 30-year-old world lightweight champion.

Laguna, 23, the former champion and now the No. 1 contender, and Narvaez, 27, the No. 2 contender, battle it out tonight at Madison Square Garden in a 12-rounder that may earn the winner the shot at Ortiz in May. It's an even money fight in the betting.

"Ortiz is getting old, he's tired of training and he's having trouble making the 135-pound weight limit," said Laguna. "I'm confident I can beat both Narvaez and Ortiz without trouble."

"After Laguna beats Narvaez, Ortiz can get \$60,000 tax-free to fight Laguna again," said Hector Valdes, Jr., Laguna's manager.

The lanky, 5-foot-9, fast punching Panamanian was only 21 when he dethroned Ortiz on a 15-round decision at Panama on April 10, 1965. Ortiz regained the crown in a 15-round decision at San Juan, P.R., seven months later.

Narvaez, a broad-shouldered little fellow who stands only 5-3½, was equally confident.

"I think I can beat them both," the Caguas, P.R., fighter said. "Carlos has been fighting a long time — about 12 years — and he isn't hungry any more."

Narvaez has been stopped only once in his six-year career. Jamaican Percy Hayes did it in eight rounds by opening a huge cut over Frankie's left eye Feb. 12, 1966. Narvaez whipped Hayes in a return bout three months later. Narvaez' record is 30-4-1, including six knockouts.

Laguna's record is 44-1-1, including 29 knockouts. He never has been stopped.

## Leachville Continues Winning Way

By HAL BOCK

Associated Press Sports Writer

The Great Experiment-Part I ranks as an unqualified success as far as the New York Yankees and Mickey Mantle are concerned.

Today, the Cincinnati Reds and Pete Rose find out about the Big Switch.

Mantle made his debut as a first baseman Thursday as the Yankees outlasted Washington 6-7 in a battle of American League also-rans. The longtime center fielder handled nine chances flawlessly and made the best play of the game on the first ball hit his way.

That came on a hard smash between first and second by Bernie Allen in the first inning. Mantle dashed to his right, backhanded the ball almost nonchalantly, and flipped to pitcher Fritz Peterson for the putout.

"It wasn't as hard as I thought," Mantle said after playing four innings in the Grapefruit League's opening game. "I was more nervous at bat than in field. I didn't think about the plays, I just made them naturally."

The game was a home run battle settled by Chet Trall's two-run shot in the ninth inning. Steve Whitaker and Charley Smith also homered for New York while Cap Peterson tagged a pair of two-run shots for the Senators.

In the only other exhibition game, Chuck Hinton, homered, tripled twice, singled and drove in seven runs as the Cleveland Indians trounced the Mexico City Tigers 10-3. One of Hinton's triples came with the bases loaded. Leon Wagner belted a pinch hit homer for the Indians who got 15 hits.

The Reds, who were to meet Philadelphia in their opener today, will have Rose, one of the National League's top second basemen, playing left field.

Rose, who was involved in an abortive switch to third base last year, is on the move again this spring. He was unhappy with last spring's move and his play suffered before he moved back across the diamond.

But the peppery infielder is ready to switch rather than fight. "If the name of this game is follow the leader," he said, "motioning towards Dave Bristol, the Reds' manager, 'then I'm going wherever that man wants me to go.'"

Bristol, who had the Reds doing football exercises during the first week of camp, held a closed door practice Thursday devoted to blackboard work and fundamentals. He's liable to show up with the Notre Dame football team against the Philadelphia...

## Triple A State Play Continues

LITTLE ROCK (AP) — Fort Smith Northside, North Little Rock, Blytheville and Jonesboro will square off in semifinals of the Class AAA senior boys state basketball tournament this afternoon and tonight.

Northside will meet North Little Rock in a 8:30 p.m. game, and Blytheville and Jonesboro play at 1:30 p.m.

The Fort Smith team gained the semifinals with a 40-37 victory over Little Rock Central Thursday night. In other Thursday quarterfinal games, Jonesboro whipped Springdale 61-50 and North Little Rock's Wildcats clipped Hot Springs 50-38. Blytheville scored its quarterfinal victory Wednesday.

Central had led Northside until 5:28 was left in the game, when Northside edged ahead 28-27. Almer Lee led Fort Smith with 20 points and Jerry Schmidt had 19 for Central.

Jonesboro scored 20 points in the fourth quarter to roar past Springdale. Jonesboro was led by Phil Young's 17 points, and Donnie Smith tallied 26 for Springdale.

North Little Rock built up a 27-15 halftime lead in rolling to its victory over Hot Springs. Ray Malcom paced the Wildcat attack with 16 points and Terry Reed garnered 17 for Hot Springs.

Hope Wire Products defeated Tollette by a small margin of 71-69 in the Yerger Gymnasium March 9th.

## Mantle Has Good Day at First Base

LITTLE ROCK (AP) — West Memphis squares off against Harrison and Leachville tangles with Russellville today and tonight in the semifinals of the Class AA senior boys state basketball tournament.

West Memphis and Harrison play at 7 p.m., and the Russellville-Leachville contest will begin at 3 p.m.

Leachville, the No. 1 ranked team in the state, gained the semifinals by slipping past Searcy 40-38 Thursday. Harrison, the No. 2 team in The Associated Press poll, romped past Benton 68-48, and in the other Thursday contest West Memphis trimmed Camden Fairview 55-36. Russellville gained the semifinals Wednesday.

Tommy Robbins flipped in eight straight points in the last quarter to push Leachville to its victory. Robbins finished as the game's leading scorer with 16 points. Gary Griffin had 11 points for Searcy.

After grabbing the lead early in the first quarter, Harrison pushed to a 33-21 halftime lead against Benton and never trailed the rest of the game.

Donnie Watts led Harrison's attack with 25 points and Jim Joe Sawyer meshed 21 points and Bill McCreery 16 as West Memphis waltzed past the Fairview Cardinals. Berry McHadden led Camden with eight points. McMahan had scored 35 points the day before.

## Refram Needs to Win Big Tournament

ORLANDO, Fla. (AP) — Dean Refram hasn't had many big paydays in the six-year career as a golf professional, and the little guy with the bad eyes would really like to boost his bankroll by winning the Citrus Open.

A victory would give him \$23,000 — nearly double his official career earnings as a golfer — and he's got a son now to spend it on.

The Refram's first boy after two daughters was born 10 days ago, and the 5-foot-6 Floridian is prouder of the youngster than he was of his five-under-par 66 Thursday which gave him a share of the lead with Doug Sanders in the first round of the tournament.

Ryun, whose chief half-mile rival appears to be Villanova's Dave Patrick, also has the world's fastest outdoor half mile 1:44.9 being kept from official recognition in the feud between the AAU and the NCAA over meet sanctions.

Technically, the AAU-NCAA power squabble isn't supposed to affect the Cobo meet because the AAU is not concerned with the so-called "closed" meets such as strictly collegiate competition.

Ryun's coach, Bob Timmons, said the Jayhawk flyer will try to place as well as he can in the 880 and the mile, Ryun also has to run the mile trial tonight for Saturday's final in the event.

"There is the team title to consider and we came here with Ryun qualified for the two-mile and the 1,000-yard as well as the half-mile and the mile," said Timmons.

Last year Kansas edged Southern California for the team title, 14-13. In the first year of the NCAA indoor sponsored by the Detroit News, 14 points also were enough to win for Missouri.

A question mark in one of tonight's five finals was defending two-mile champion Gerry Lindgren of Washington State.

The little super distance star, who set a record of 8:41.3 last year, arrived limping from a leg injury suffered in his dormitory room, Thursday, his 21st birthday.

## Saints to Get Most Draft Picks

NEW YORK (AP) — The New Orleans Saints will get the most picks, despite several trades, and the pro champion Green Bay Packers will be next in number, because of earlier trades, when the American and National football leagues hold their first combined draft next week.

The Saints, starting their first year as the NFL's 16th team, will draft first and last in each of the 17 rounds beginning Tuesday morning with extra choices after the second, third and fourth rounds.

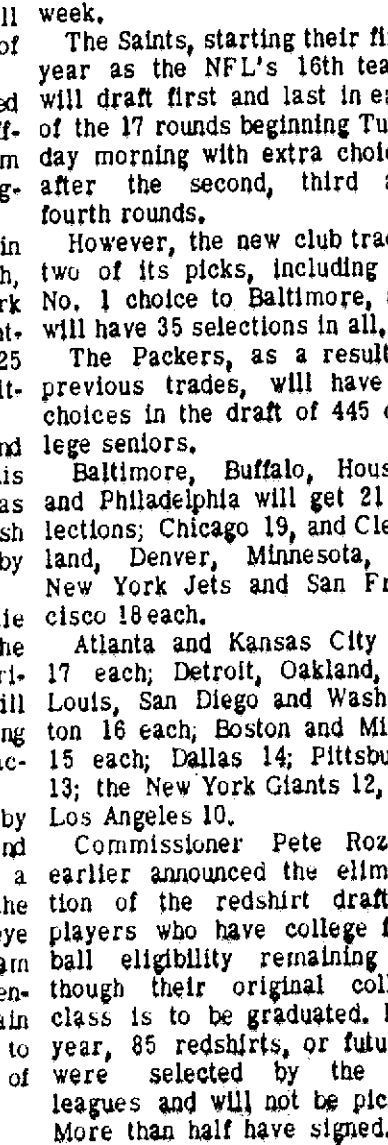

However, the new club traded two of its picks, including its No. 1 choice to Baltimore, and will have 35 selections in all.

The Packers, as a result of previous trades, will have 24 choices in the draft of 445 college seniors.

Baltimore, Buffalo, Houston and Philadelphia will get 21 selections; Chicago 19, and Cleveland, Denver, Minnesota, the New York Jets and San Francisco 18 each.

Atlanta and Kansas City get 17 each; Detroit, Oakland, St. Louis, San Diego and Washington 16 each; Boston and Miami 15 each; Dallas 14; Pittsburgh 13; the New York Giants 12, and Los Angeles 10.

Commissioner Pete Rozelle earlier announced the elimination of the redshirt draft of players who have college football eligibility remaining although their original college class is to be graduated. Last year, 85 redshirts, or futures, were selected by the two leagues and will not be picked. More than half have signed.

## Ryun Trying to Put Title in the Books

By JERRY LISKA

Associated Press Sports Writer

DETROIT (AP) — The world's fastest half-mile, incredible Jim Ryun of Kansas, will be trying to pound that title into the books as the third National Collegiate Athletic Association Indoor Track Meet opens tonight.

Ryun, competing at spacious Cobo Arena in his first national meet as a varsity collegian, is the victim of unhappy circumstances which have left hanging as unofficial his fastest times in history for the outdoor and indoor half mile.

As Kansas launches its team title defense in a five-final program, the Jayhawk sophomore shoots again at the 880 indoor mark of 1:49 flat which he thought he broke last month with a 1:48.3 clocking in a duel meet with Oklahoma State.

Saturday afternoon, Ryun goes after a NCAA indoor mile crown as the meet winds up with a 10-event card.

It turned out Ryun's 1:48.3 effort was wasted as a record bid because it was accomplished on an unbanked dirt track.

The Amateur Athletic Union pointed out that an indoor record must be set on a board track such as the 11-lap through the mile oval at Cobo which will be swarmed over by a field of 360 athletes from 93 schools.

Ryun, whose chief half-mile rival appears to be Villanova's Dave Patrick, also has the world's fastest outdoor half mile 1:44.9 being kept from official recognition in the feud between the AAU and the NCAA over meet sanctions.

Technically, the AAU-NCAA power squabble isn't supposed to affect the Cobo meet because the AAU is not concerned with the so-called "closed" meets such as strictly collegiate competition.

## Pretense Is Ready for Buckpasser

By ORLO ROBERTSON

Associated Press Sports Writer

Pretense, who in the words of his owner is ready and willing to take on Buckpasser any time, anywhere, goes after one-season Santa Anita money winning record as the favorite to win the \$125,000-added San Juan Capistrano Handicap Saturday.

The 4-year-old from Mrs. Elizabeth Tippett's Llanoillean Farm can boost his Santa Anita earnings to \$258,750 with a victory in the 1¼-mile grass course race. The San Juan Capistrano figures to have 12 starters with first place worth \$75,000.

Round Table set the record of \$244,130 while winning five successive stakes. Pretense has small college championship sweep four — the Palos Verdes, whipping Stetson 68-55 at San Pasqual, San Antonio and Evansville, Ind. Washington Santa Anita handicaps — and scored an 86-75 home court victory over Washington State at for two third place finishes.

The clash between Pretense and Buckpasser failed to materialize in the Santa Anita Handicap when the 1966 Horse of the Year was kept on the sidelines because of an injured hoof.

Trainer Charlie Whittingham, conditioner of Pretense, also will saddle a strong contender in Howard B. Keck's Drin, winner of the Rich Strub Stakes. However, the pair will not run coupled in the betting. Neither horse has ever run on the grass.

Bill Shoemaker will be astride Pretense, who'll pack top weight of 126 pounds. Drin, ridden by Lefitt Pincay Jr. will pick up 121, one more than Fleet Host.

Braulio Baeza, who returned to action this week after suffering a broken collarbone Feb. 11, will travel from Florida to pilot Fleet Host and then return to New York to guide Successor, the 1966 2-year-old champion, in Monday's Swift Stakes at the opening of Aqueduct.

## Wake Forest Stages a Big Comeback

The Wake Forest Deacons staged one of college basketball's greatest comebacks to beat Clemson and become the sentimental favorites to bounce the nationally fourth-ranked North Carolina Tar Heels out of the Atlantic Coast Conference Championship Tournament tonight.

Beaten 17 times during the regular season the underdog Deacons fell behind Clemson 22-4 before they rallied to beat the Tigers 63-61 in double overtime in the first round of the ACC tournament at Greensboro, N.C., Thursday night.

North Carolina defeated N.C. State 56-53, Duke routed Virginia 99-78 and South Carolina edged Maryland 57-54 in the other ACC first round contests.

ORLANDO, Fla. (AP) — Dean Refram hasn't had many big paydays in the six-year career as a golf professional, and the little guy with the bad eyes would really like to boost his bankroll by winning the Citrus Open.

A victory would give him \$23,000 — nearly double his official career earnings as a golfer — and he's got a son now to spend it on.

The Refram's first boy after two daughters was born 10 days ago, and the 5-foot-6 Floridian is prouder of the youngster than he was of his five-under-par 66 Thursday which gave him a share of the lead with Doug Sanders in the first round of the tournament.

Ryun, whose chief half-mile rival appears to be Villanova's Dave Patrick, also has the world's fastest outdoor half mile 1:44.9 being kept from official recognition in the feud between the AAU and the NCAA over meet sanctions.

Technically, the AAU-NCAA power squabble isn't supposed to affect the Cobo meet because the AAU is not concerned with the so-called "closed" meets such as strictly collegiate competition.

Ryun's coach, Bob Timmons, said the Jayhawk flyer will try to place as well as he can in the 880 and the mile, Ryun also has to run the mile trial tonight for Saturday's final in the event.

"There is the team title to consider and we came here with Ryun qualified for the two-mile and the 1,000-yard as well as the half-mile and the mile," said Timmons.

Last year Kansas edged Southern California for the team title, 14-13. In the first year of the NCAA indoor sponsored by the Detroit News, 14 points also were enough to win for Missouri.

A question mark in one of tonight's five finals was defending two-mile champion Gerry Lindgren of Washington State.

The little super distance star, who set a record of 8:41.3 last year, arrived limping from a leg injury suffered in his dormitory room, Thursday, his 21st birthday.

## Saints to Get Most Draft Picks

NEW YORK (AP) — The New Orleans Saints will get the most picks, despite several trades, and the pro champion Green Bay Packers will be next in number, because of earlier trades, when the American and National football leagues hold their first combined draft next week.

The Saints, starting their first year as the NFL's 16th team, will draft first and last in each of the 17 rounds beginning Tuesday morning with extra choices after the

## TIMELY QUOTES

 Anyone who thinks that the lines of influence from Washington are like so many strings to so many puppets has never sat at the pulling ends.  
 —McGeorge Bundy, former presidential aide who is now president of the Ford Foundation.

 Any group in high school could plan cities better than we do.  
 —Financier James Rouse, who plans to build a \$2 billion city near Baltimore, Md.

# Early Scenes in Downtown Hope, Train Wreck

The scenes above show a train wreck three miles west of Hope at the Chelsea siding. The wreck occurred at 1:15 a. m. on June 3, 1918 and two persons were killed. The pictures were made by Talbot Feild Sr., Texarkana, formerly of Hope. Here's what the Star of Hope, that was the name of this newspaper back then, had to say about the wreck: Sunshine Special, Missouri Pacific fast train from Texas to St. Louis, was wrecked at 1:15 a. m. Monday at the Chelsea Siding and the engine and nine coaches were hurled from the track into a cotton field. Engineer Charles Derringer of Little Rock and Fireman A. Walker, Texarkana were killed outright. The mail

clerk and baggageman and 20 others were injured. All were given first 'aid' by Hope and Texarkana doctors, placed on relief trains and sent to Texarkana and Little Rock. The train was going 50 miles per hour. The wreck was caused by an open rail switch, the switch having been secured in that position by a piece of iron and clearly the work of a national enemy. Three wrecks of this nature and another attempted wreck have occurred here within the past few months at Chelsea Switch. The lock had been broken and the switch light turned off. It is thought those responsible for the wreck expected to destroy a troop train.

The top picture shows a large crowd in downtown Hope on Second St. in front of the old post office. From the size of the crowd it must have been a big celebration. Some guessed it may have been a watermelon festival.

The middle photo shows the heavy traffic in the downtown area at Second and Main.

This unknown pilot landed the first plane in the old Compress airport site. The occasion was in 1918 and, as usual was photographed by Talbot Feild Sr. Harry Shiver recalls that when word came of the visit the pilot could hardly find a place to land for the huge crowd on hand. The boy in front of the Model T Ford is Talbot Feild Jr.

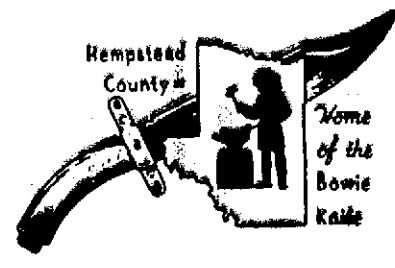

The Airplane was on a World War I Liberty Bond sale and Mr. Shiver recalls that it drew hundreds of persons. He said the grass on the airfield was about knee high and when the plane left there was a wide circle around where the plane was exhibited with only the dirt showing.

With such a huge crowd the War Liberty Bond sale was highly successful.

### Return of 7% Tax Credit to Speed Up Paper Mill

President Johnson yesterday asked Congress to restore the 7 per cent investment tax credit and accelerated depreciation schedule effective July 1. They had been suspended last fall, and heavy industry ever since has been curtailing its plant expansion plans.

Restoration of the tax credit should speed up plans of Champion Papers-U. S. Plywood to build a major paper mill complex on Little River near McNab in Hempstead county. The mill site was acquired by Champion during the winter and the projected mill was announced through the federal Department of Commerce. In the meantime Champion and U. S. Plywood consolidated as a billion-dollar company.

The consolidation meant that the new Hempstead mill would be even larger than originally planned. But this writer was told pretty definitely that the repeal of the 7 per cent tax credit meant at least a two-year waiting period before construction to see whether the tax credit might just possibly be restored. If the paper complex were to cost 100 million dollars, and that's entirely possible, there would be no point in passing up a 7-million-dollar saving.

But President Johnson's word to the Congress yesterday naming July 1 as the date for restoration of the tax credit may clear the way for early construction at McNab—a development that will change the face of Hope and entire southwest Arkansas.

The 7 per cent tax credit and accelerated depreciation are of particular importance to heavy industry. When you buy additional manufacturing machines, or replace old ones with new, you are allowed a discount on your income tax amounting to 7 per cent of the cost of the new equipment.

The tax credit is an actual dollar saving—but a one-time proposition only. The accelerated depreciation schedule is something else. Under this schedule you pay the same amount of taxes in the long run as with straight-line depreciation—but with this advantage: You get a double deduction for tax-free depreciation in the first half of the schedule, when you need the money most to pay for the new equipment—but depreciation is less and taxes are higher in the later years when the machinery is paid for and you can stand higher taxes.

Between the two, accelerated depreciation is the more valuable one—but no one in his right mind is going to spend 7 million dollars more for a paper mill that might be saved by waiting on the government to change its mind. Incidentally, this is a good lesson in the value of stability in government. Once you post a 7 per cent tax credit you can't revoke it without creating uncertainty and a slowdown in heavy industry, which is exactly what has taken place since last fall. You are asking men to undertake new expansions without the 7 per cent investment credit given the old expansions against whom they have to compete in manufacturing and sales. Now the expansion barrier is about to be lifted July 1.

Something else: With restoration of the 7 per cent tax credit to the big boys it is entirely unlikely the administration will get any increase in federal taxation on the rest of us through Congress.

This may mean the government is finally faced with the necessity of reducing expenditures to balance the budget and curb the fantastic rise in federal debt. And this would be the best news of all.

### Public Hearing on G&F Audit

LITTLE ROCK (AP) — A public hearing on a bill calling for an audit of the state Game and Fish Commission was requested Thursday by the Arkansas House State Agencies Committee.

Rep. Jim Linder of West Helena, chairman of the committee, called for the hearing on March 28.

Rep. John Harberson of Nashville said the commission had a \$2 million balance which he said was too much for a \$4 million operation.

## LBJ Going to Pacific Conference

By FRANK CORMIER

WASHINGTON (AP) — President Johnson says he'll take part in a Vietnam strategy conference later this month, "in the Pacific area somewhere."

This surprise disclosure, voiced Thursday at a news conference, left questions unanswered — mainly where and exactly when.

Johnson said he would be meeting in the next few weeks with Henry Cabot Lodge, U.S. ambassador in Saigon, and Gen. William C. Westmoreland, the American commander in Vietnam. But he wouldn't specify the site except as being "in the Pacific area."

The 30-minute session with reporters also brought from Johnson a reaffirmed defense of American policy in Vietnam — and an apparent off-the-cuff slap at Sen. Robert F. Kennedy, D-N.Y., who has suggested possible other ways to resolve the conflict that last week produced record American casualties.

Johnson, wearing a deep-hued blue shirt for his first news conference on live color TV, also came up with another surprise: An announcement that he is asking Congress to restore immediately the 7 per cent credit business had been claiming until last Oct. 10 on new investments in plant and equipment.

He persuaded Congress to suspend the tax break last fall only because of inflationary pressures.

This time he acted because the economy has been sagging a bit and seems in need of a shot in the arm.

But he told questioners his move doesn't mean he's abandoned his proposed 6 per cent income tax surcharge, which he's asked Congress to approve effective July 1.

"We see no reason to change that recommendation," he said, and predicted economic developments later this year will provide arguments for the proposal.

Johnson's rather offhand announcement of his plans to travel several thousand miles to meet with Lodge and Westmoreland came after he was asked about reports Lodge plans to resign.

He said Lodge had talked with him several times about eventually leaving the ambassadorship. Then he added that he would fully explore the envoy's future "in Vietnam or elsewhere, if he cares to do that."

After the television cameras were turned off and reporters were leaving the room, some crowded around the President to ask when and where the Vietnam conference would take place.

Johnson just smiled and said nothing.

## Congress Doesn't Mind Spending Tax Money for Salaries for Help

By JOHN BECKLER

WASHINGTON (AP) — A generous Congress has pushed the salaries of its top employees to such levels that the House postmaster makes \$550 more yearly than the postmaster of Chicago.

In the affluent society on Capitol Hill, \$20,000-a-year jobs are commonplace. There are 494 of them, ranging up to the \$28,500 paid to the head doorkeeper of the House — only \$1,500 less than a member of Congress gets.

And while Congress talks of whittling down the Great Society programs, there are no signs that an economy wave threatens the spectacular success of its own private war against poverty.

Over-all payroll costs have skyrocketed 84 per cent in the House and 53 per cent in the Senate in the last six years.

They are continuing to rise as the staffs of members and committees on both sides of the Capitol steadily expand. The House payroll increase by \$6.4 million last year and staff additions just approved by the Senate are expected to increase the

## Cites Need for New Equipment to Detect and Prevent Crime

Need for new and modern equipment for use in crime prevention and detection has largely been overlooked by scientists and technicians, Cloyce Copeland, Little Rock told law enforcement supervisors from 20 Southwest Arkansas counties at the Diamond

Cafe.

Copeland is director of the school which is sponsored by the Arkansas Law Enforcement Training Academy and financed by the Office of Law Enforcement Assistance. It opened Monday and ends today.

He said gadgets needed included one with which an officer could stop the engine of a fleeing automobile, a two-way "come-strip-type" radio that could fasten on the wrist like a watch; special glasses which would penetrate darkness and heat and metal sensors.

The heat sensors could be used to locate persons in dark warehouses or stores. The metal sensors would warn officers when they approached persons armed with guns, knives or other metal objects.

The also need "Computerized Lawyers" to keep them from making mistakes in field interrogations, searches, seizures and arrests. It would also assist them in handling domestic arguments and help them know when to break up a street-side conversation which is apparently headed for trouble.

Copeland said 70,000 Arkansans would come in contact with some agency of criminal justice this year, and 4,000 will be behind bars in the state on any one given night with the possible exception of Christmas.

One-third of all arrests this year will be for drunkenness, he predicted.

### Milk Pricing Bill a Law

LITTLE ROCK (AP) — Two bills passed by the Arkansas legislature will be allowed to go into law without the governor's signature, Gov. Winthrop Rockefeller said Thursday.

One of the bills changes eligibility requirements for receipt of unemployment compensation by requiring a person who leaves his job without good cause to have 30 days of paid work before regaining his eligibility.

Under present law, there is an eight-week unemployed waiting period.

The other bill creates an Arkansas Dairy Commission which would establish a minimum price for milk.

payroll 18 per cent. Senate committee costs more than doubled between 1956 and 1966 — climbing from \$4.7 million to \$9.6 million.

Senate salaries totaled \$25.89 million last year. The House total was \$46.5 million.

In many cases, the salaries being paid appear to have little relationship to the economics of the market place.

The House postmaster, with less than 100 million pieces of mail to deal with yearly, gets \$24,500 a year. Chicago's postmaster, responsible for 6.6 billion pieces, gets \$28,950. The Senate, which generates less mail, pays its postmaster \$19,636, about \$1,000 more than the postmaster gets in Cleveland, where the mail runs to 1.8 billion pieces.

The manager of the bank that keeps accounts for the 435 members in the House gets \$20,800 a year; the cashiers, \$14,800.

Banking sources say the manager of the average small private branch bank makes \$10,000 or less and the cashiers' pay ranges from \$4,000 to \$7,000. The Senate has no bank.

## 5th Vote Override Bill Offered

LITTLE ROCK (AP) — When Rep. W. H. Thompson of Marked Tree brought his bill to a vote in the House Thursday, it marked the fifth time during its current session that the Arkansas General Assembly had been asked to override a gubernatorial veto.

The bill, which would increase assistance grants to welfare recipients in nursing homes, was approved 70-12 on the motion to override in the House. Ironically, it stalled — and may have died — in the Senate, where three of the previous attempts to override originated, including the only one that was successful.

The Senate decided to delay action until it heard why Gov. Winthrop Rockefeller had vetoed it.

During the respite, Sen. Olen Hendrix of Prescott telephoned state Welfare Commissioner A. J. (Red) Moss, who was on a trip to Washington, and Moss suggested a plan that may take everyone off the hook.

Legislation isn't needed, Moss said, because the department has the power to do it administratively.

Moss promised to outline his proposal in a telegram that will reach the legislature today, Hendrix said, and it will be read before Sen. Fred Stafford of Marked Tree calls the bill to a vote in the Senate.

The bill would increase the grants by \$30 a month in each of the nursing home classifications, raising them to \$150 a month for extended care patients, \$155 a month for minimum care patients, \$195 a month for intermediate care patients and \$225 a month for skilled care patients. There would be an additional \$10 increase for each classification next February.

Rockefeller said in his veto message that the bill would cost the state about \$100,000 in general revenues and jeopardize federal funds.

A teacher tenure bill that would have limited the reasons for which a public school teacher could be dismissed after teaching three years in the same district apparently was killed for this session when the Senate voted to expunge the record of the vote by which it had passed earlier.

The House, which had refused to concur in Senate amendments to the measure, changed its mind Wednesday and tried to recall the bill from the Senate.

Sen. Ben Allen of Little Rock moved to grant the House request Thursday, but Sen. John F. (Mutt) Gibson Sr. of Dermott, an adamant critic of the bill, made a substitute motion to expunge the vote. The Senate adopted Gibson's substitute motion on a voice vote.

## Soybean, Grain Clinic March 14

A Soybean and Grain Sorghum Clinic will be held at the Courthouse on March 14, beginning at 9:30 a.m., according to the County Extension Agent, Calvin J. Caldwell.

The morning session will be devoted to soybean production, pesticide uses, outlook, chemical weed control, insects and their control, and cultural practices. There will be five Extension Service Specialists, from Little Rock, who will teach this session.

Grain Sorghum will be the topic for the afternoon session beginning at 1:30 p.m. Such subjects as varieties, chemical weed control, fertilization, feeding value of grain sorghum, and insect control will be discussed. Four Extension Specialists and an agronomist from the University of Arkansas will conduct the afternoon session.

The public is invited to attend.

## Business Incentives Restored

By EDMOND LEBRETON

WASHINGTON (AP) — President Johnson's call for restoring some powerful business tax incentives appears to be getting favorable early reaction in Congress.

But some lawmakers were looking today beyond the immediate issue — restoration of the 7 per cent investment tax credit and of some advantageous depreciation rules — to question whether Johnson still expects Congress to add a surtax to individual and corporate income taxes by July 1.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee announced a hearing next Tuesday and said the tax-writing group hopes to have the investment credit measure cleared for House action during the week.

Democratic Leader Carl Albert said the bill would be scheduled for debate before the end of the week if possible.

But Rep. John W. Byrnes, R-Wis., while agreeing the incentive restoration probably will have easy going in the House, said it might spell later trouble for the President's proposed 6

## Conservation Stressed at DAR Meet

At its luncheon meeting at Heritage House, March 8 John Cain Chapter stressed two major aspects of Conservation.

Mrs. Paul Klipsch spoke on "Conservation of Wildlife Sanctuaries." Mrs. John Keck introduced her guest, Arkansas State Police Trooper, Dean Friend, who showed a Traffic Safety film, narrated by Danny Thomas on "Conservation of Human Life."

He then spoke on traffic hazards and the ability of each one of us to "watch out for the other fellow." A question and answer period followed to show our ability to act in emergencies.

Reports of the State Conference of the Arkansas Society, DAR, held in El Dorado, Feb. 23 - 25, were given by Mrs. Richards Howard, Regent, and Mrs. Paul Klipsch, Regent-elect of the Chapter and Mrs. Howard thanked Mrs. Roy Stephenson who won the award for having the best Scrapbook entered in this year's competition.

An additional prize is a gift subscription to National DAR Magazine, which the Chapter voted to give to Haskell Jones, KXAR Radio Station Manager in appreciation for his splendid cooperation. Mrs. Howard stated that both the Chapter's Yearbook and Press Book were highly praised by the Judges in these categories. Mrs. Howard Waddle submitted the Press Book for the year.

The Chapters other honors included awards for having the best report on Constitution Week observances, for having the most outstanding program introducing DAR Good Citizen Girls and for securing advertisements for a full page presentation concerning Hope, which will appear in the Arkansas section of the National DAR Magazine in April.

The highest honor given by the National Society, DAR, to a chapter is that of being placed on the National Gold Honor Roll in recognition of a Chapter's having met every qualification through its work to further the Educational, Historical and Patriotic objectives of the National Society. John Cain Chapter attained Gold Honor Roll status for 1966-67.

A motion was made and seconded that individuals write their National Congressmen and express opposition to changing the dates on observing Washington's Birthday, Memorial Day, Independence Day (JULY 4) and Veterans Day (Armistice) where they would fall on weekends. It was brought out that there is far too many holiday week-end

## Powell Executes an About Face on Court Interference Issue

WASHINGTON (AP) — In

just over three years, Adam Clayton Powell has executed an about-face on his issue of court interference with the rulings of Congress.

In December 1963, Powell sent his attorneys to court to argue talks with the United States. That the Constitution precludes courts from reviewing legislative actions. Now he's asking splurges on staff salaries. Payroll costs have jumped 84 per week's House action refusing to cent in the House and 53 per cent in the Senate in the past six

The House reacted quickly years. Thursday to Powell's court suit, voting to hire its own lawyers to contest the Harlem Democrat's charge he was unfairly deprived of the seat to which he was elected.

As part of the same resolution, the House sided with Powell's general position of three years before and contended the courts have no right to interfere with the ouster vote.

Summons in Powell's case control of a major air pollutant were served on Speaker John Mc McCormack and other House leaders and employees. U.S. Dist. Judge George Hart announced he hasn't yet set a preliminary hearing on the suit.

Republican Leader Gerald R. Ford of Michigan, named as one of the defendants in the suit, said: "As a practical matter, there has to be someone to go down there and tell them it's none of their business."

This was the tack taken by Powell 39 months ago in responding to a taxpayer's suit which asked that the congressman's pay be docked for his unexcused absences from Congress.

U.S. Dist. Judge Alexander Holtzoff dismissed the suit Dec. 19, 1963.

Herbert O. Reid Sr., one of Powell's eight attorneys in his current court action, declined to comment on the 1963 suit and the effect it might have. He said he was unfamiliar with the earlier suit.

## Bryant's foe Last Year Sentenced

MARIANNA, Ark. (AP) — Lee County Circuit Judge Elmo Taylor sentenced J. Ernie Gaskin to 14 months in prison and fined him \$14,000 Friday after he was convicted on 14 counts of violation of the State Securities Act.

Gaskin served notice that he would appeal, and Taylor set bond for Gaskin at \$25,000.

Gaskin had been charged with making 14 separate sales in the Americana Motor Inn Corp., of which Gaskin was president. The sales were made through Universal Securities Corp., which Gaskin also headed.

## Highlights of Johnson's Conference

WASHINGTON (AP) — Here are highlights of President Johnson's news conference Thursday:

Vietnam planning — He'll meet with Ambassador Lodge and Gen. Westmoreland this month at an announced Pacific site.

Vietnam critics — "Individuals have different approaches to this matter (Vietnam). Some of them do need more information sometimes."

Vietnam peace prospects — "We are willing to talk unconditionally, or we are willing to talk conditionally. All we ask is equity and fairness, and that the other side do likewise. I no longer see any possibility of a military victory on the part of North Vietnam."

Taxes — He's asking Congress to restore the 7 per cent business investment tax credit, but still wants an income tax surcharge.

The 1968 presidential election — "I think down the road — several months from now — would be the appropriate time for an announcement of my future plans."

The draft — "There has been discrimination against minority groups. I will do all I can to see that this is corrected."

## U.S. Jets Shoot Down Cong MIG

SAIGON (AP) — U.S. Air Force Thunderchief jets shot down a North Vietnamese MIG fighter, probably downed a second and damaged a third during a raid against a Communist steel fabricating mill 38 miles north of Hanoi today, a U.S. spokesman reported.

The F105 Thunderchiefs, flying from bases in Thailand, were attacking the Thai Nguyen steel plant when they encountered the MIGs.

No U.S. planes were reported damaged.

A U.S. spokesman said no further details were immediately available.

A total of 34 MIGs have been reported downed in previous encounters over North Vietnam.

The Thai Nguyen plant makes bridge sections, cargo barges and petroleum bombs. A spokesman said the "bombs were on target" but gave no other results.

The last duel between U.S. planes and North Vietnamese MIGs occurred on Jan. 6, when two of the Red jets were downed.

The raid over the North came during a comparative lull in ground fighting in South Vietnam, punctuated by a sharp clash between U.S. paratroopers and the Viet Cong in the tangled jungles of war Zone C.

A U.S. official in Bangkok, the Thai capital, announced Thursday for the first time that American planes were using bases in Thailand for operations against North Vietnam.

This had been generally known for many months and repeatedly published, but Thai officials refused previously to let it be said officially.

Fighting died down to its lowest intensity in two weeks along the demilitarized zone, the scene of constant mortar attacks against U.S. Marine positions.

In the central highlands and the Mekong Delta, where a dozen allied military operations are in progress, no contact was reported with the Viet Cong.

However, the elusive enemy showed Thursday morning it still has plenty of capacity to hit hard and run. Viet Cong units launched simultaneous attacks on Duc Hoa, 12 miles west of Saigon and the headquarters of the Vietnamese 25th Division, and against a nearby district town.

A Vietnamese spokesman said moderate casualties were inflicted against one government battalion, with enemy casualties unknown.

In war Zone C, U.S. paratroopers clashed with a Viet Cong unit Thursday after occupying an enemy base camp during Operation Junction City, the largest American operation of the war.
